2...HISTORY

Behind the global brand of Sandalford Wines lies a rich and fascinating history. Sandalford's establishing estate at Caversham, Swan Valley, had its genesis in 1840 and coincided with both European settlement in the burgeoning colony of Perth and the birth of Western Australia's world-famous wine industry.

Queen Victoria granted John Septimus Roe, Western Australia's first Surveyor General, 4,000 acres of land on the riverbanks at West Swan in honor of his 57 years of service to the Commonwealth. He named the property Sandalford after a priory in Berkshire, England. - his original home. Among J S Roe's significant legacy was the setting aside of Kings Park, and laying out the towns of Perth and Fremantle.

The Roe family developed a second vineyard in Margaret River in 1970. In 1991, the Prendiville family took over the well-established Margaret River and Swan Valley operations. Sandalford Restaurant was established at Swan Valley tourism winery in 1998 around the time the venue commenced wine tastings and tours, and nine function venues were added into the estate to cater for tourism visitors. Today, Sandalford is owned by husband and wife Peter and Debra Prendiville.

Sandalford has been awarded no less than 75 major state and national awards for excellence in restaurant and catering, tourism, wine and hospitality since 2008, including the prestigious Australian Tourism Award for best Winery, Distillery and Brewery.
